**BAU, the Faculty of Architecture - Design and Built Environment Participated in
Designing and coordinating a Massive Open Online Course (MOOC) entitled
“Healthy Urban Systems” in the University of Lausanne**

BAU is preparing a Massive Open Online Course (MOOC) on “Healthy Urban Systems” with the International Science Council (ISC), International Society for Urban Health (ISUH), World Health Organization (WHO) and about 25 other professionals and practitioners, and organizations invited and supported by University of Lausanne (UNIL) using “Coursera” platform. Prof. Ibtihal Y. El-Bastawissi, Dean of the Faculty of Architecture - Design and Built Environment, was invited from the Institute of Geography and Sustainability (IGD) University of Lausanne Switzerland to work on the MOOC. She is the main coordinator of Module 1 among six Modules. She began the shootings of the videos in Module 1 with the technical team in the University of Lausanne UNIL from the 24th of April till the 28th of April 2022. Ms. Nour El Baba, Lecturer & PhD Candidate at BAU, assisted the Dean in her travel to support her in the MOOC. During their stay, they attended the University of Lausanne along with the main coordinator Prof. Celine Rozenblat, Professor of Urban Geography at the University of Lausanne.

Faculty of architecture- Design & Built Environment conducted the Final Written and Oral

Exams on Campus

- After the success of online teaching process adopted by the Faculty of Architecture in the previous years, this process continued to be used during the past year, taking advantage of the experience of faculty staff who has accumulated wide experience in this field. Moodle and Zoom were the basic online tools used for conducting courses, assessments, and assignments. However, believing in the importance of evaluating students on campus, the Faculty conducted the final written and oral final exams on campus while adopting strict social distancing measures. Moreover, the faculty has introduced the use of Miro Platform to archive the Students' Portfolios.
